

Welcome to **Destination Africa 2019**

Dear Participants & Guests,

It gives me great pleasure to welcome you to the Fourth Edition of Destination Africa.

Over the past 3 years we have worked hard to position Destination Africa as the premiere gateway to Africa. With a unique combination of a defined strategy, expertise and an overwhelming practical spirit, Destination Africa is now an imminent global sourcing platform.

The anticipated number of visitors from all over the world has grown rapidly, with eagerness to expand and maximize their global outreach through Destination Africa, in addition to the diversity of exhibitors that reflects their understanding of global trends, and demands.

The industry is proportionally witnessing changes on the international stage, yet Africa maintains its competitive and comparative edge despite competition, with an objective to encompass not only the production and sales of textiles, but also the technologies, process, and application of materials.

We wish you all success with your business endeavors and a very pleasant stay in Cairo.

Thank You

Mohamed Kassem

Institute for ecology, technology and innovation

We are THE international center of excellence you can trust!

Since our founding in 1967, we have established a reputation with both manufacturers and traders alike for the testing and certification of textiles, interior design materials, personal protective equipment (PPE) and as well as the testing of textile, resilient and laminate flooring.

As one of the founding members of the international “OEKO-TEX® Association” we certify products all along the textile supply chain to the “OEKO-TEX® Standard 100” as well as textile manufacturers to the certification system “STeP by OEKO-TEX®”.

At the Innovations Department we develop new product ideas together with our customers and mark your high-quality products with our standards “IS-OETI TESTED” and “IS-OETI INSPECTED”.

As the sole testing institute for the Clean Air Forum we test and certify the indoor air quality of new or converted rooms that are ready for occupancy.

At our Austrian Headquarters in Vienna, we offer our customers a broad-based training and seminar programme.

Accredited testing and certification body

Our accreditations and notifications are:

- Ö Accreditation by “Akkreditierung Austria” (Federal Ministry of Science, Research and Economics) as a certification body for products (personal protective equipment) according to EN ISO IEC 17065
- Ö Accreditation by “Akkreditierung Austria” (Federal Ministry of Science, Research and Economics) as a testing laboratory according to EN ISO/IEC 17025
- Ö Notified Body 0534 for EC type-examination and monitoring of the quality control system for the final product according council directive 89/686/EEC (Art. 10 and 11) for personal protective equipment
- Ö Notified Body 0534 for construction products according to Construction Products Regulation No 305/2011

Our services

Certification of ecological standards

We certify textile products according to "OEKO-TEX® Standard 100", production facilities according to "STeP (Sustainable Textile Production) by OEKO-TEX®" and textiles according "UV Standard 801". We are experts in testing textiles for harmful substances.

Testing of flooring

We are the center of excellence for flooring technology. We test and assess all types of flooring according to a wide range of testing standards.

Certification of Personal Protective Equipment (PPE)

We certify your PPE to assure your products meet all CE marking requirements.

Testing of interior design materials

We test and assess interior materials such as curtains, upholstery and decoration materials. With the focus being on fire, smoke and dripping behaviour tests.

Textile technological testing

We test textiles along the entire production chain - from fibres to fabrics, textile material composites to finished clothing.

Emission and odour testing

We perform emission and odour tests based on EMICODE®, AgBB, GuT, the French regulation AFSSET / ANSES and within the scope of DIBt, the Austrian Ecolabel, European Ecolabel Blue Angel and nature plus.

Our experts in sensory analysis carry out odour tests.

Seminars and trainings

We offer trainings in textile knowledge, floor coverings, safety and environmental aspects as well as tests and certification.

Quality assurance

We certify your high-quality products with the recognised quality marks "IS-OETI TESTED" and "IS-OETI INSPECTED".

Indoor air quality

We measure and evaluate the indoor air quality for suspected pollutant emissions. We determine specific components as well as checking for recommended standard values. In addition, we test and certify indoor air quality in new buildings, renovations and extensions based on the „CLEAN AIR" standard.

Damage assessments and reports

Our experienced team of technicians and technical experts assess causes of damages for textiles, flooring and interior and issues reports.
