

# Welcome to **Destination Africa 2018**

## **Dear Participants & Guests,**

I would like to welcome you to the third edition of Destination Africa Show & Conference.

In three short years, Destination Africa had grown to be the premiere B2B Pan – African Textile trade show.

Exhibitors from North, South, East and West of the continent had flocked to Cairo to showcase their best textile products.

The growing number of exhibitors and the regional diversity is a testament to the growing competitiveness of our African industry.

We are also happy to see a growing number of buyers this year, many of them are returning for the second or third time.

The global dynamics of the industry is offering the growing African Textile Industry lots of opportunities as well as challenges, which has been addressed in our previous conferences.

Destination Africa this year is addressing “Sustainability” and what it means for the African textile industry.

We are happy to see you in charming Cairo and we wish you a pleasant stay and successful visit.

**See you again in November 2019.**

Best regards,  
**Mohamed Kassem**

## Sponsors

### **Cotton Egypt Association**

Egyptian Cotton Logo Unit is responsible for the licensing program to protect the Egyptian Cotton luxury heritage and manages registered Egyptian Logo trademark, which is owned by the Ministry of Trade and Industry and Alexandria Cotton Exporter's Association.

The Egyptian Cotton Logo Unit is passionate about keeping Egyptian Cotton pure. Our goal is to protect the Egyptian Cotton name from the inferior quality materials that are entering the market. We want to give consumers the reassurance that Egyptian Cotton is solely that, 100% pure with no additional blend. To do this, we are committed to being transparent about the entire process.

Traceability is key to this, so by understanding the genomic fingerprint of the cotton, we can ensure that every bit of the fiber genuine.

Too many people were benefiting from the Egyptian Cotton name without meeting our very high standards. To rid the supply chain of falsely labelled goods, a revolutionary DNA testing process was introduced.

Over time, we believe consumers will come to recognize Egyptian Cotton Logo Unit accreditation as a true and trusted hallmark of quality. All accredited manufactures are strongly encouraged to use the Egyptian Cotton Logo to build awareness of the singularity of Egyptian Cotton. Our product is 100% pure Egyptian Cotton and we want people to know that.

**OEKO-TEX®**  
CONFIDENCE IN TEXTILES

**Institute for ecology, technology and innovation**

**We are THE international center of excellence you can trust!**

Since our founding in 1967, we have established a reputation with both manufacturers and traders alike for the testing and certification of textiles, interior design materials, personal protective equipment (PPE) and as well as the testing of textile, resilient and laminate flooring.

As one of the founding members of the international "OEKO-TEX® Association" we certify products all along the textile supply chain to the "OEKO-TEX® Standard 100" as well as textile manufacturers to the certification system "STeP by OEKO-TEX®".

At the Innovations Department we develop new product ideas together with our customers and mark your high-quality products with our standards "IS-OETI TESTED" and "IS-OETI INSPECTED".

As the sole testing institute for the Clean Air Forum we test and certify the indoor air quality of new or converted rooms that are ready for occupancy.

At our Austrian Headquarters in Vienna, we offer our customers a broad-based training and seminar programme.

#### **Accredited testing and certification body**

Our accreditations and notifications are:

- Ö Accreditation by "Akkreditierung Austria" (Federal Ministry of Science, Research and Economics) as a certification body for products (personal protective equipment) according to EN ISO IEC 17065
- Ö Accreditation by "Akkreditierung Austria" (Federal Ministry of Science, Research and Economics) as a testing laboratory according to EN ISO/IEC 17025
- Ö Notified Body 0534 for EC type-examination and monitoring of the quality control system for the final product according council directive 89/686/EEC (Art. 10 and 11) for personal protective equipment
- Ö Notified Body 0534 for construction products according to Construction Products Regulation No 305/2011

#### **Member of TESTEX Group**

Together with our Swiss-based parent company "TESTEX AG" we have an extensive network of subsidiaries across the globe.

#### **Company data**

Managing Director | Robert Löcker

Founding year | 1967

Head office | Spengergasse 20, 1050 Vienna, Austria

## Competence creates confidence!

### Our services

#### Certification of ecological standards

We certify textile products according to "OEKO-TEX® Standard 100", production facilities according to "STeP (Sustainable Textile Production) by OEKO-TEX®" and textiles according "UV Standard 801". We are experts in testing textiles for harmful substances.

#### Testing of flooring

We are the center of excellence for flooring technology. We test and assess all types of flooring according to a wide range of testing standards.

#### Certification of Personal Protective Equipment (PPE)

We certify your PPE to assure your products meet all CE marking requirements.

#### Testing of interior design materials

We test and assess interior materials such as curtains, upholstery and decoration materials. With the focus being on fire, smoke and dripping behaviour tests.

#### Textile technological testing

We test textiles along the entire production chain - from fibres to fabrics, textile material composites to finished clothing.

#### Emission and odour testing

We perform emission and odour tests based on EMICODE®, AgBB, GuT, the French regulation AFSSET / ANSES and within the scope of DIBt, the Austrian Ecolabel, European Ecolabel Blue Angel and nature plus.

Our experts in sensory analysis carry out odour tests.

#### Seminars and trainings

We offer trainings in textile knowledge, floor coverings, safety and environmental aspects as well as tests and certification.

#### Quality assurance

We certify your high-quality products with the recognised quality marks "IS-OETI TESTED" and "IS-OETI INSPECTED".

#### Indoor air quality

We measure and evaluate the indoor air quality for suspected pollutant emissions. We determine specific components as well as checking for recommended standard values. In addition, we test and certify indoor air quality in new buildings, renovations and extensions based on the „CLEAN AIR" standard.

#### Damage assessments and reports

Our experienced team of technicians and technical experts assess causes of damages for textiles, flooring and interior and issues reports.

## Organizers

### Apparel Export Council of Egypt (AECE)

A nonprofit organization established by the Ministerial decree No. 521 in 1997 and all its renewals, it is a Public Private Partnership (PPP) between the Ministry of Foreign Trade and Industry and an assembly of the most prominent Apparel exporters.

**The Vision of AECE** is to position Egypt as an international hub for Apparel exports in terms of geographical location, trade agreements, competitive cost of production, vertical manufacturing, warehousing, design, and quality etc...

**The Mission of AECE** is to become the mediator between the Apparel sector and all other stakeholders. This pivotal role will enable AECE to partner with the various stakeholders to: Create awareness on the significance of the Egyptian apparel sector, improve efficiency and effectiveness of the sector and ensure transparency. The AECE will be able to liaise and develop strong ties with all concerned parties in the Apparel sector to foster mutual interests.

### Services:

AECE services extend to assisting the Apparel manufacturers in:

- Developing and implementing Export Strategies.
- Assessing and developing manufacturers' export potentiality.
- Providing information on export planning and export statistics.
- Conducting and disseminating in-house studies on foreign markets and identify potential ones.
- Determining routes to international markets.
- Creating awareness to exporters on rules, regulations, and trade agreements and how to benefit from it.
- Promoting Apparel products to occupy a distinctive and unique position in the international market through trade fairs and business missions.
- Help in creating new business opportunities, by developing strong rapport with various sourcing offices, agencies, and Egyptian commercial offices all over the world.
- Provide various trainings to develop and upgrade the skills of the councils' members
- Collaborate with different institutes to provide access to export financing and payments facilities.

TEXTILE EXPORT COUNCIL  
المجلس التصديري  
للغزل والمنسوجات

## Textile Export Council

The Textile Export Council of Egypt; commonly known as (TEC) is a public-private partnership organization, established by the Ministry of Trade & Industry. Decree No. 521 of 1997.

**(TEC)** functions as a framework gathering textile sector manufacturers and exporters (spinners, weavers, knitters, dyers & others) all working to enhance the competitiveness of an industry that has an acknowledged heritage in Egypt.

**(TEC)** Also acts as think-tank that help Egyptian policy-makers prepare strategies and take actions to increase the quality and quantity of textile exports. Play also a vital role in developing and implementing tools that improve the export business environment.

**(TEC)** recognized for its commitment to provide services for the export community. Aiming for two key objectives; increasing the efficiency of exporters and promoting Egypt's textile products globally.

### Egypt's Textile Products:

Besides the superior Egyptian cotton named the white gold, Egypt is capable to supply other various types of high quality fibers, yarns and fabrics, produced by accredited & state-of-art factories.

- **Fibers & Mono filaments:** Acrylic - Flax
- **Yarns:** Cotton - Polyester - Acrylic - Flax - Wool - Viscose - Modal - Polypropylene - Nylon - Lycra
- **Sewing Threads:** Polyester - Cotton - Nylon
- Denim Fabrics.
- **Woven & Knitted Fabrics:** Apparel Fabrics - Home textiles & Upholstery Fabrics - Intimate Wear & Lingerie Fabrics - Sports & Swimwear Fabrics - Tents & Overlay Fabrics
- **Technical Textiles:** Medical & Healthcare Use - Military Clothing Packaging - Automotive Textiles - Non-Woven Textiles
- **Dyeing, Printing & Finishing:** Yarn Dyeing - Fabric Dyeing - Rotary Printing - Digital Printing - Yarn & Fabric Finishing.

### (TEC) Scope of Services:

- Marketing and promotional activities.
- Exhibitions, trade missions and field visits.
- Market intelligence and information.
- Capacity building and training.
- Export assistance and raising awareness.

**(TEC) also builds relationships with similar organizations worldwide to:** Exchange trade & industry related information and to encourage joint ventures & technological alliances with other countries.

## **Egyptian Exporters Association-ExpoLink**

Since its establishment in 1997 as a non-profit private sector association aiming at enhancing the Egyptian economy through empowering its exporting community. Expolink has supported Egypt's exporting enterprises through a wide array of services aiming at improving their competitiveness and broadening their exposure in their pursuit towards globalization. Expolink has also extended its support to decision makers by providing them with solutions to facilitate export strategies and policies.

### **The Vision:**

The Egyptian Exporters Association to be the main enabler for Egyptian exporters to achieve substantial and sustainable economic growth.

### **The Mission:**

Enhance Egyptian exporter's competitiveness and integration into the global value chain by empowering access to market intelligence information, export facilitation services and effective participation in international trade fairs, trade missions and business match making events.

### **Activities:**

#### **1. Export Promotion:**

The export promotion activities are designed to offer an integrated set of market promotion tools such as B2B match-making events, trade fairs, trade missions and in-bound buyers' mission.

#### **2. Export Facilitation:**

- A. Export House: functions as an in-house export department for Egyptian exporting enterprises with the aim of expanding and diversifying Egyptian exports into new and existing markets, through a series of mentorship services covering imminent stages of the export cycle.
- B. Technical Assistance: Acting as Expolink's arm for enhancing the competitiveness of exporting SMEs, the technical assistance service collaborates with local and international stakeholders to tackle impediments towards SME's development and integration in international markets.

#### **3. Market Intelligence:**

The market intelligence unit provides exporters with in depth market research, analysis and insights, so as to support exporters in finding the best markets for their products through invaluable information inclusive of their products' potentials in any given market.

### Egyptian Fashion & Design Council-EFDC

The EGYPTIAN FASHION & DESIGN COUNCIL-EFDC is a private group of fashion & design professionals whose purpose is to nurture, support and promote Egyptian fashion & design talent and businesses locally, regional and globally.

The EFDC is committed to developing excellence and growth in a sector that is a significant contributor to the Egyptian economy through education training mentoring, business development and sourcing of financial support.

The EFDC will be a membership subscription organization open to all industry professionals.

The council was founded in 2017 by 5 leaders in the Egyptian Fashion & Design industry. Together they bring their knowledge and experience in Design, Production, Retail, Export, Marketing, Media and Public Relations to the Council's mission.

Help designers at various stages of their businesses through its support initiatives and programs.

These include sourcing scholarships, internships, work placement, mentorships, promotion, business support, year around workshops, events and awards.

#### Mission

- Develop and showcase Egyptian designers in the local and international fashion arena.
- Encourage international brands and designers to source raw materials and production in Egypt
- Establish close ties with international fashion councils, industry leaders and global media outlets to raise awareness of the Egyptian fashion & design industry.
- Support the human capital development through training programs at all levels in the industry.
- Promote the tourism sector through supporting local retail platforms that preserve the Egyptian heritage in design, fashion and craft.
- Guide local businesses to meet international standers of design and quality.
